### Academy of Mathematics, Science & Technology

<http://kmhsmagnet.com>

The Academy of Mathematics, Science & Technology is a magnet program within Kennesaw Mountain High School, representing approximately 20% of the KMHS student population, with students from across the district. To be considered, students apply for their 8<sup>th</sup> grade year through a competitive application process. Of those who apply, approximately 45% are accepted. Students enter the Academy as freshmen and progress through coursework at an accelerated rate so they may participate in courses beyond those found in traditional high schools. The capstone for seniors is a field experience/internship with a local institution of higher learning, professional group, or business, combined with college-level original, juried scientific research. At a minimum, students completed 8 AP courses and a combined number of 11 math and science courses. This program is Cognia Certified STEM.

## Class Rank

Cobb County School District does not rank students, effective 2019-2020 school year.

Since the school's founding in 2000, Kennesaw Mountain Mustangs have been leaders in academics, the arts, athletics, and acts of service. Our students excel in the classroom, on the stage, and on the fields. You can find KMHS students serving future Mustangs, peers, and the community on a continual basis. Our students have opportunities to care for others and to assist in making the world a better place through Shop with a Mustang, The Dance, City of Kennesaw events, and Horizon field special needs baseball games - just to name a few.
