

CCSD Online Student Agreement

Cobb Virtual Academy (CVA) and Georgia Virtual School (GaVS)

To ensure success in online courses, students must understand and comply with certain expectations, policies, and procedures. The CCSD Online Student Agreement is designed to help students and parents/guardians understand some of the unique aspects of primarily asynchronous online learning* with CVA and GaVS. **The CCSD Online Student Agreement is required for all students each term.**

Asynchronous online learning – CVA and GaVS classes are built to provide maximum scheduling flexibility; all content, assignments, and assessments are available 24/7. Because of this structure, there are **not regularly scheduled live sessions with teachers and students.*

Registration Process

Students may only register for a GaVS course IF the course is not offered by CVA or is full on CVA.

www.cobbvirtualacademy.org <https://gavirtuallearning.org>

Student must register online for the requested course(s) in addition to submitting this agreement.

1. Student and parent must read and review the information located on the CVA and/or GaVS websites regarding the responsibilities of taking online courses.
2. **Student and parent must review and sign this CCSD Online Student Agreement.**
3. **Student must submit Agreement to counselor AND register for requested class(es) online.**
4. **Counselor will approve class(es) and change students schedule after above steps have been completed.**

Courses will be denied if student registers for CVA/GaVS courses and Agreement is not submitted to counselor.

Part I: Online Student and Parent Expectations

Students and Parent/Guardians should read and initial each line to show that they understand and will follow each expectation.

Student Initials	Parent/Guardian Initials	Expectations
		1. The student should expect to work productively in each class for 10-12 hours per week for each full unit (Y) course and 5-6 hours per week for each half unit (A or B) course during Fall and Spring terms. Students enrolled full-time online must work productively for about 40 hours per week. The number of hours for full-time online students is equivalent to working a full-time job. For Summer Term time requirements, check the CVA or GaVS websites. Productive work means submitting work on or before the due date, including: assignments, discussion board items, projects, labs, quizzes, tests, and any other assigned coursework.
		2. The student and parent will print the provided Class Schedule/s and the student will follow the Class Schedule's due dates by submitting work on or before the due date.
		3. The student will create and maintain a regular work schedule . Student should plan to work ahead if other school, work, or personal activities interfere with the student's ability to complete coursework as outlined on the Class Schedule.
		4. The student has daily access to a reliable internet-connected computer (laptop or desktop) . Students who are scheduled to take an online course during their scheduled school day (FTE) must also be able to work at home if they do not complete their scheduled work at school. Tuition students will be working outside their scheduled school day and need daily computer access.
		5. The student has demonstrated that s/he can send and receive emails with attachments, and can utilize Microsoft Office 365 applications (ie Word, PowerPoint, and Excel) to create documents and presentations and save them to designated storage.

Student Initials	Parent/Guardian Initials	Expectations
		6. The student has a computer-based method (computer folder, cloud storage) to organize and store coursework .
		7. For CVA, email and the CTLS Parent app are the primary forms of communication. Yes, CVA students will have their own CTLS Parent account to communicate with CVA staff. If students have questions or concerns, they should proactively contact their teachers. Communication should be clear, respectful, and include the student's name and course. Students should check email and CTLS Parent messages daily and respond to teacher contacts promptly.
		8. Parents should assist by encouraging students to: actively participate in the course, ask for help when needed, and complete assignments in a timely manner. Parents should also monitor student progress and grades.
		9. CVA Courses Only: Parents have multiple ways to monitor student progress in CVA courses: • CVA grades are visible in ParentVue. <i>Note: ParentVue will not list the number of missing assignments; that is available in CTLS Parent.</i> • Parents can log into CTLS Parent and use "Classroom Access Mode" to view their student's CVA class. This allows parents to view the course announcements, teacher contact information, and the student's Grade Center. The CTLS "My Grades" section shows the current coursework average, grades on individual assignments, teacher feedback, missing assignments, and the date and time each item was submitted.

Part II: Online Learning and CCSD Policies and Procedures

Students and Parent/Guardians should read and initial each line to show that they understand each policy and/or procedure.

Student Initials	Parent/Guardian Initials	Policies and Procedures
		1. Students taking an online course(s) as part of their state funded school schedule (FTE) cannot withdraw from the course after the first 10 days of a semester per CCSD Board Rule IHA-R.
		2. Tuition students may withdraw from a CVA course per the withdrawal process posted on the CVA website. Tuition students may withdraw from a GaVS course as per the withdrawal process posted on the GaVS website.
		3. Students cannot change from FTE to tuition status during the term.
		4. Students who transfer from one CCSD school to another will remain enrolled in their CVA and/or GaVS course(s).
		5. Online course grades will appear on the student's transcript and will be averaged into the Grade Point Average (GPA).
		6. Students taking CVA/GaVS courses must abide by all policies and procedures of the CCSD and CVA/GaVS .
		7. Students enrolled full-time online must attend the CVA Learning Center for a minimum of 12 hours per week the first three weeks of the term and return if one or more of their course grades drop below 75%.
		8. Students not enrolled full-time online and failing an online class should remain at KMHS during their scheduled class period and work in the online learning lab until their course grade is above passing.
		9. Students enrolled full-time online who do not work productively in their online courses for ten (10) consecutive days or more may be withdrawn from CCSD for lack of participation/attendance (per CCSD Board Rule JBC-R School Admissions/Withdrawal) and removed from their online courses.
		10. Are you traveling internationally? CTLS (CVA) and Canvas (GaVS) are geo-restricted so they are only accessible within the physical boundaries of the United States. Please note: • Using a Virtual Private Network (VPN) while traveling outside the United States may help you access content that is geo-restricted.

Student Initials	Parent/Guardian Initials	Policies and Procedures
		• CCSD student laptops will not allow installation of a VPN. • CVA/GaVS cannot guarantee CTLS/Canvas access and are not responsible for troubleshooting VPN installation or access outside the United States.
		12. The following GAVS world language courses do not carry additional quality points: Chinese III, French III, German III, Japanese III, Latin III, Spanish III.
